ACTION:

- B-1** The Division of State and Local Operations requests the consolidation, elimination, designation as archaic, or renaming of various local government titles within Occupational Group 12 (Occupations in Information Processing Systems Occupations).

MEMORANDUM

DATE: January 30, 2012
TO: Civil Service Commission
FROM: Kenneth Connolly, Director
State and Local Operations
SUBJECT: Change in State Classification Plan

STATE GOVERNMENT - TITLE CONSOLIDATION INITIATIVE

The Division of State and Local Operations requests the consolidation, elimination, designation as archaic, or renaming of various state government titles within Occupational Group 12 (Information Processing Systems Occupations). These actions will provide state jurisdictions with the flexibility needed to more efficiently meet their responsibilities, provide employees with enhanced career advancement opportunities as well as meet Civil Service Commission goals of title reduction.

Titles possessing similar duties, responsibilities and experience requirements were reviewed to determine the practicality and appropriateness of title consolidation. The result of this review indicates twelve (12) titles may be consolidated within the current series, eight (8) may be eliminated, three (3) may be designated as archaic and twelve (12) titles may be renamed.

The title actions will be processed as lateral employee movements; appointment type to appointment type, with retention of existing status.

Upon successful completion of the consolidation process, the consolidated titles involved will be inactivated. Any existing eligibility lists for these titles shall be processed as follows:

- Promotional and open competitive lists issued from pending announcements for any affected title in which employees with provisional appointments are serving will be certified for one time use only in order to effect permanent appointment(s) and will be declared expired upon disposition of the certification.
- A complete list that has never been used and contains no employees with current provisional appointments for the title and unit scope specified shall be declared expired.
- A complete list which contains employees with current provisional appointments for the title and unit scope specified (with the exception of such employees currently on active military duty) will be processed for one time use and will be declared expired upon the disposition of the certification.
- An incomplete list containing no employees with current provisional appointments for the title and unit scope specified shall be declared expired.

Civil Service Commission
January 30, 2012
Page 2

- Any employee currently on active military duty will be afforded all applicable rights under Federal and State law upon their release from active duty and given the opportunity to apply and compete for any announcements for which they would otherwise have been eligible but for their military service.
- Eligibility lists for affected titles and unit scopes which have expired will be revived as necessary to address unanticipated situations which may arise.
- Where it is found that an employee's movement from a noncompetitive title to a competitive title could have been effectuated via promotional examination procedures *before* any title consolidation impacting the employee's title, the Division of Selection Services will announce a promotional examination, regardless of whether or not the movement *after* the consolidation still constitutes a promotional movement. Similarly, where an employee was previously classified in a competitive title, but, as a result of a title consolidation, is cross-walked into a noncompetitive title, the Division of Selection Services will process any future promotional movements based on the employee's competitive title *before* the title consolidation without regard to whether or not the employee's present noncompetitive title is approved to promote to a competitive title.

State Appointing Authorities and affected unions have been given the opportunity to review this proposal and all articulated issues have been reviewed and resolved.

The changes shall become effective at the beginning of the first pay period following Commission approval of these actions.
